IMPROVEMENTS TO NH ROUTE 103 IN BRADFORD AND NEWBURY
REHABILITATION OF SEVEN MILES OF ROADWAY AND TWO BRIDGES

The New Hampshire Department of Transportation announces construction work is scheduled to begin Monday, July 8, 2002 on the rehabilitation of two bridges and seven miles of roadway on NH Route 103 in Bradford and Newbury. The two bridges are over Lake Todd in Bradford and Andrews Brook in Newbury.

This project also includes the replacement of cable guardrail with steel beam guardrail, drainage and ledge work, and new traffic signals at the intersection of NH 103 and Main Street and the intersection of NH 103 and NH 114 in Bradford.

Motorists can expect daily lane closures and traffic shifts. Variable message boards will be used to inform motorists driving on NH 103 in Bradford and Newbury of scheduled construction activities.

Pike Industries, Inc. of Belmont, New Hampshire is the general contractor for the \$3.5 million project, which is scheduled to be completed by November 2002.
